

Foundation Endodontics Michael Lewis DMD #5893 Debra Stein DMD #07261

401 Hackensack Ave Suite #102 Hackensack, NJ 07601

Phone/Text (201) 836-8000 Email: FoundEndo@gmail.com Website: FoundEndo.com

To schedule an appointment call us at 201 836 8000. (8:15 AM to 4:45 PM Monday-Friday.) If calling after hours, you can submit an appointment request online at FoundEndo.com. Messages marked as urgent or emergency will be responded to ASAP to even if office is closed

We typically book 60 min appointments to allow enough time for both consult & same day treatment if it is needed. (Rest assured treatment will only be advised if it is needed.) If you are certain you do not want same day treatment, a 20 min consult can be requested as an alternative.

After scheduling we will email & text you registration forms. We request that registration be completed well in advance of your appointment as we need time to review medical history and verify insurance. If registration forms are not filled out by the due date, and we are unable to reach you, reserved time may be shortened to a 20 minute consult.

Directions: Take route 4 and exit at Hackensack Ave/ Shops at Riverside. At the second traffic light make a left. Our building, #401 is the building closest to route 4. Parking is available in the rear and side of the building. Our dedicated street level entrance (pictured above, right) is available in the rear of the building.
